---

*Dynamic and results-driven Frontend Developer with two years of hands-on experience in building interactive and responsive web applications using NextJs, React.js and JavaScript. Proven track record of collaborating with cross-functional teams to deliver high-quality software solutions that meet client requirements and enhance user experiences. Strong problem-solving skills and a passion for staying updated with the latest technologies and best practices in frontend development.*

## PROFESSIONAL EXPERIENCE

---

### AUSBIZ CONSULTING PTY. LTD.

Full Stack Developer Internship

Sydney, NSW

Sept 2023–Dec 2023

- Collaborated with business analysts to evaluate and execute 15+ use cases, ensuring alignment with business requirements and user needs.
- Engineered and deployed high-performance reusable frontend components with Next.js, integrating server-side rendering to boost website speed by 50%.
- Developed RESTful APIs and backend services using Adonis.js, ensuring efficient data retrieval and manipulation and integrated AWS services such as S3 for file storage, EC2 for hosting, and RDS for database management into the application architecture.
- Worked in an Agile environment, participating in daily stand-ups, sprint planning, and retrospectives to deliver features on time and within scope.

### NAAMCHE INC.

Frontend Developer

Kathmandu, Nepal

Sept 2020–Jan 2022

- Architected and maintained high-performance, scalable, and accessible frontend features for web applications with React.js integrated lazy loading, improving page load time by 30%.
- Spearheaded a collaborative effort with UI/UX designers to interpret design mock-ups into polished user interfaces, optimizing layouts for various devices and screen sizes.
- Implemented rigorous code review process and contributed to establishing streamlined development processes, resulting in a significant reduction in bugs and overall increase in development speed.
- Orchestrated cross-functional collaboration to develop and execute 3 projects, meeting all deadlines and budgets; leveraged Slack and Zoom to communicate project milestones, achieving 100% team alignment and timely delivery.

### CODAVATAR TECH PVT. LTD.

Frontend Developer Internship

Kathmandu, Nepal

May 2020–Aug 2020

- Assisted in the development and testing of frontend features for web applications, gaining hands-on experience with React.js, HTML, and CSS.
- Engaged with senior developers to identify and resolve performance bottlenecks and optimize code for improved performance and maintainability.
- Contributed to the documentation of frontend components and development processes to streamline knowledge sharing and onboarding for new team members.

## PERSONAL PROJECTS

---

### SproutScribble

Developed a fully responsive e-commerce platform, focusing on product display, user interactions, review management, state management, and seamless shopping experience integration with Stripe.

Key Features:

- Integration and customization of Tailwind CSS with shadcn for building stylish and efficient interfaces.
- Implemented authentication in Next.js using Next-Auth V5, including social logins, user data security, and creating a user-friendly interface.
- Developed a comprehensive admin dashboard for the e-commerce platform, including UI animations, advanced text editing, image uploading, product management, and detailed analytics.

Tech Stack: Next.js 14, Tailwind CSS, shadcn, Stripe, Next Auth V5, Postgres with NeonDB, Drizzle ORM, Resend, Framer Motion, React-Hook-Form
